Draft

As a developer, I would like to ensure that updates to Android/iOS do not break the app, also a problem fixing manual so users always have a smooth experience.

Medium8

Draft

As a user, I would like accessibility settings for easy navigation (e.g., larger buttons, high contrast).

Current Sprint4 / 5Estimate: 0

Focused stories for current sprint

Draft

As a developer, I would like to create or edit tours based on my client's directions so that the client's specific requests are implemented efficiently.

Medium3Iteration 3

Draft

As a developer, I would like to know when users obtain a certain number of points by posting to Instagram, so that I can send them the prize of their choosing.

Medium13

Draft

As a user, I would like to post my photo to Instagram and contribute to my score on the leaderboard, so I can compete with others.

Medium13

Draft

As a user, I would like to listen to text-to-speech for POI descriptions.

Draft

As a user, I would like a short tutorial that pop up when I first launch the app or access a new feature.

High13

Draft

As a user, I would like to link my app account to Instagram.

High8

Draft

As a user, I would like the ability to click a link directly from a POI to the full article in the magazine, so I can read more about that historical site.

Medium3

Draft

As a user, I would like the app to recommend the best tour type for me (walking, biking, driving), so I can choose the most convenient option.
